Why choose us?

Reliable Source

We own 8 markets across India, specifically for chili and onion, where farmers directly come to sell their crops.

Competitive Pricing

Direct sourcing from farms allows us to eliminate middle-man commissions, enabling us to offer the most competitive prices in the market.

Dedicated Team

Our team consists of over 400 skilled workers who are trained to sort and grade products according to each country's specific requirements.

Extensive Experience

With years of experience in exports, we have successfully worked with importers in over 15 countries, including the USA, Canada, Mexico, Singapore, Thailand, Vietnam, and Malaysia.

Certifications

We hold all necessary certifications for export, including FSSAI, APEDA, Halal, FDA, SGS, Global GAP, and HACCP. These certifications qualify us to export globally without any challenges.

Comprehensive Follow-Up

Once your shipment is dispatched, our dedicated team will assist you with any queries or challenges until you receive your shipment, ensuring smooth and hassle-free delivery.

Dried Red Chilli

India exports 80% of the world's dried red chilli, known for its superior quality and pungency. We offer over 25 varieties, sourced from major chilli-producing states through our extensive network.

Indian Tamarind

Indian tamarind is in high global demand for its unique flavor and tanginess, leading to consistent import needs throughout the year.

We operate our own facility with a dedicated workforce specifically trained to sort and pack tamarind. Given its fibrous nature and potential for waste, we ensure thorough cleaning to meet international export standards. We can accommodate any type of packaging according to customer specifications.

Fresh Picks at Fair Prices.

Nature's Best Ingredients, Right from Our Farmers to You

Different Forms of Tamarind

- 1) **Raw pods:** These pods are the least processed form of tamarind. They're still intact and can be easily opened to remove the pulp.
- 2) **Pressed block:** To make these, the shell and seeds are removed and the pulp is compressed into a block. These blocks are one step away from raw tamarind.
- 3) **Concentrate:** Tamarind concentrate is pulp that has been boiled down. Preservatives may also be added.

Standard Packing for exports.

The various packing's which can be offered in consumer slabs are as follows:

- 1) 01 Kg Slab x 20 Packets = 20 Kg in a Master Carton.
- 2) 500 Gms. Slab x 40 Packets = 20 Kg in a Master Carton.
- 3) 500 Gms. Slab x 20 Packets = 10 Kg in a Master Carton.
- 4) 200 Gms. Slab x 50 Packets = 10 Kg in a Master Carton.
- 5) 150 Gms. Slab x 40 Packets = 06 Kg in a Master Carton.
- 6) 25kg PP Bags.

Green Cardamom

Renowned as the “Queen of Spices,” green cardamom from Kerala is celebrated worldwide for its exceptional aroma, bold flavor, and premium quality. Grown in the lush, rain-rich Western Ghats of Kerala—particularly in regions like Idukki and Wayanad—this prized spice thrives in the region’s fertile soil, ideal climate, and traditional, eco-friendly farming practices. Kerala’s cardamom is carefully hand-harvested and sun-dried to preserve its natural oils and freshness, making it a preferred choice for culinary use, beverages, and traditional medicine across the globe.

Whether used in gourmet dishes, aromatic teas, or Ayurvedic formulations, Kerala green cardamom stands as a symbol of purity, heritage, and unmatched quality.
